“Tee” Advertisements consist of a 24” X 24” lettered sign (black on white) showing your company name, product, service, city/state, and phone number, attached to a post and then inserted in the ground at one of the 18 tee areas throughout the golf course. Your advertisement will be in view for all to see as they approach that particular tee.

“Practice Green Advertisements” are the same as tee advertisements except for placement location. These signs are strategically placed around the highly visible practice green. Believe us, response to the advertisements has been excellent in terms of favorable comments and recognition by all who attend. The proceeds from these advertisements benefit the ASM Golf Classic.

To participate in this opportunity of placing your company's name in front of this unique gathering of related professionals, please complete and return the enclosed form at your earliest convenience. Sign deadline is August 30, 2007.

Your generous past support of ASM activities is acknowledged and appreciated. We hope we can count on your continued generosity again this year.

Please consider donating a raffle prize, making a cash donation or volunteering to help at the outing.

All proceeds go to our Scholarship and Student Outreach programs!!!

This is an excellent opportunity for chapters to learn about the most recent activities throughout ASM International, and to communicate their ideas, questions and concerns directly to the Board.

Eli graduated from Yale University, Class of 1939, with a Bachelor's degree of Engineering in Metallurgy. Eli retired as Chief of Materials Engineering and Research at Pratt and Whitney Aircraft in 1977. During his distinguished career, Eli's work with titanium and other superalloys used in the development of high performance jet engines led to ten patents in the refractory metals field. Eli was elected President of the American Society for Metals in 1978 and was the recipient of ASM's 2002 Gold Medal for a lifetime of technical achievement.
