# Hartford Section Facility Tour

## Consumer's Reports Auto Test Facility

Joint Meeting with CONNECTICUT VALLEY CHAPTER of the  
American Society of Safety Engineers

Our highly anticipated return to the CR Auto Test Track is here! Hosted by their renowned Director David Champion, we can again look forward to an informative presentation on motor vehicle

safety including demonstrations of how Consumer Reports conducts their 'real world' evaluations of motor vehicles:

Evaluations of headlight efficiency, vehicle dynamics, the effects of ABS, their 4x4 Rock Hill test, track handling, comparative tire testing, & an electronic stability control demo. Plenty of opportunities to ask questions of these experts.

This is an outdoor event – dress for the weather; wear comfortable walking shoes.
